WillsCenter.com is a great benefit if you do not have access to an attorney.

We are pleased to announce that you have access to WillsCenter.com[1], at no cost to you.

Having an up-to-date will is one of the most important things you can do for your family.

Without a will, your assets may be distributed according to state law and not in accordance with your wishes. An up-to-date will establishes important decisions about the distribution of your assets. WillsCenter.com helps you ensure your family's future if something happens to you.

What is WillsCenter?

WillsCenter.com is a secure online will preparation document generation service available to you 24x7. Created exclusively for MetLife and provided by an outside vendor, SmartLegalForms, Inc., this service provides users and their spouses/domestic partners with the ability to create current state-compliant documents including a will, living will, power of attorney and HIPAA authorization form.

Resources are available online to address any questions you may have about terminology or general estate planning concepts. Once you create your documents, you will be provided with instructions for witnessing/signing them in front of a Notary Public.
